Beyond Assurance to Insurance: Strategic Choices for Generative AI Risk Governance

A special lunch time event

WELCOME AND INTRODUCTIONS

Moderator:
Annelies Moens
Managing Director
Privcore

Alexander White
Bermuda Privacy
Commissioner

Colin Pausey
Chief Operating Officer
Emergence Insurance

John Selby
Principal Consultant Privcore
Honorary Fellow
Macquarie University

Overview

- Generative AI harms
- Level of maturity of generative AI insurance compared with cyber insurance
- Case study
- Impact of first tranche of AU privacy reforms
- Controls and insurance
- Tips and resources

Strategic tips for gen AI risk governance

- Review insurance coverage as part of PIAs for AI deployments
- If you don't have AI risk governance and policies it may lead to Directors & Officers exposure
- Consider your fallbacks when self-insuring
- Collect information on risks, harms and the effectiveness of controls to share, so we can all learn and develop best practices as quickly as possible
